PROFESSIONAL SUMMARY

Frontend-focused software developer with **4+ years of experience** building production web applications, ERP systems, e-commerce platforms, POS solutions, and business workflows. Specializes in **React, Next.js, TypeScript, WordPress, and WooCommerce**, with practical experience in REST APIs, Prisma, PostgreSQL, Supabase, Docker, and responsive UI architecture. Collaborates with clients and teams to translate requirements into scalable product features, efficient workflows, and reliable production-ready delivery.

4+
Years of experience

120+
Responsive websites built

PROFESSIONAL EXPERIENCE

Associate Software Developer

Jan 2024 — Present

Softzino Technologies · Dhaka, Bangladesh

- Develop and maintain production e-commerce and Point-of-Sale interfaces using Next.js, React, and TypeScript.
- Build reusable responsive components, commerce workflows, and client-side interactions from product requirements and designs.
- Integrate REST APIs and relational data using Prisma ORM, PostgreSQL, and Supabase, including inventory-related operations.
- Collaborate directly with clients and stakeholders to gather requirements, discuss solutions, manage feedback, and deliver production-ready features.
- Use Docker, Git, code review, and collaborative Agile workflows to deliver production features, fixes, and improvements.
- Deliver tailored WordPress/WooCommerce solutions for international clients, including custom Elementor widgets and frontend fixes.

Frontend Developer / Web Designer

Nov 2022 — Dec 2023

WebDev Software Solutions

- Developed **120+ responsive, cross-browser websites** using HTML5, CSS3, JavaScript, SCSS, and Bootstrap.
- Converted client requirements and UI designs into production-ready interfaces; resolved layout, compatibility, and performance issues.
- Customized WordPress themes, plugins, and WooCommerce sites while collaborating in Git/GitHub-based multi-developer sprint teams.
- Built modular JavaScript utilities and solved **200+ UI logic and algorithm challenges** to strengthen implementation quality.

TECHNICAL SKILLS

Frontend engineering

Next.js · React · TypeScript · JavaScript · Tailwind CSS

HTML5, CSS3, SCSS, Bootstrap, responsive design, reusable components, design systems, GSAP

Backend & databases

Node.js, Express.js, REST APIs, Prisma ORM, PostgreSQL, Supabase, MySQL

Tools & workflow

Git, GitHub, Docker, Docker Compose, Vercel, GitHub Actions, Postman, Jira, Agile/Scrum

CMS & commerce

WordPress, WooCommerce, Elementor, PHP, theme customization, plugin integration

Web Designer Intern

Aug 2022 — Oct 2022

Bdevs · Mirpur DOHS, Dhaka

- Built responsive components and marketing landing pages with senior engineers, checking cross-browser consistency, breakpoints, and accessibility.

SELECTED PROJECTS

Enterprise E-Commerce & POS Platform

Next.js 16 · React 19 · TypeScript · Tailwind CSS · Prisma · PostgreSQL · Supabase · Docker · Vercel

Engineered production e-commerce and POS workflows for product management, checkout, and inventory. Built reusable interfaces, integrated APIs and PostgreSQL data operations, and supported reliable client-side state handling and deployment workflows.

Enterprise WordPress & WooCommerce Solutions

WordPress · WooCommerce · Elementor · PHP · JavaScript

Delivered tailored WordPress/WooCommerce solutions for international clients, including custom Elementor widgets, theme and plugin customization, responsive layouts, frontend fixes, and post-deployment support.

Modern Frontend Applications

React · Next.js · TypeScript · Tailwind CSS

Built responsive, interactive interfaces with reusable components, design-system thinking, API integration, GSAP motion, clean architecture, and maintainable code.

DMS Application - Distributors Management System

React · Next.js · Node.js · MongoDB · ERP

Built a distributor management platform with authentication, inventory oversight, order tracking, reporting dashboards, and business workflow automation to support operational efficiency and decision-making.
